Timeless Spaces

Planters for modern homes, inspired by nature.

Natural Beauty Everyday

Why Tuhafs

We built Tuhafs around two halves — “Tu” for two, “Hafs” for halves.

One half is you — your home, your taste, your story.
The other is us — creating pieces that help make your space your own.

Why Concrete

We love the earthy warmth of terracotta, but wanted something stronger and more contemporary.

Concrete gives us that balance — earthy, warm and enduring.

Who Started Tuhafs?

Tuhafs was started by Bhavana & Kartik with a simple dream — to bring the beauty and feeling of the homes we admired in magazines and online into everyday homes, without the premium price tag.

> **Beautiful design.
> Thoughtfully made.
> Made more affordable.**

A Little More About Our Candles

Our candles are made with soy wax and carefully selected fragrances.

We currently offer four fragrances.

Each candle is thoughtfully crafted to make your home feel special. More fragrances and candle styles are on the way. We're a small artisan team, and every new experiment takes time to get right.
